REMARKS:

I discussed this with Helen;
she will tell you about it. Please settle
this claim and all others like it until
the renewal time next year when the
contract will officially be changed.

NOTE TO: C/BSO

I discussed the attached case with you this morning, following which I have had a long discussion with Tom Premo. It is Tom's opinion, with which I heartily agree, that this type of case, if for no other reason than to be completely competitive, should be covered by our contract. We have a number of people who get hurt under our maternity portion of the contract.

Since the following will not involve too many claims, and will also leave them individually up to our discretion, it is proposed that the contract be changed to provide as follows:

Following the four defined types of complications from pregnancy, add, "and other serious cases which involve a threat to the mother's health as determined on the basis of the medical record".

If you do not object, I intend to authorize payment of this claim and take the necessary steps to change the contract accordingly -- this, of course, concurred in by the underwriter.
